

Remote Access Sync & Charge Security Safe for iPads

Secure and compact, this cabinet is perfect for classrooms, libraries and training facilities where multiple iPads™ have to be protected and charged. And it takes up very little physical space.

Secure: The Netsafe has a highly secure integrated locking mechanism, the hallmark of all Datamation Systems products. You work hard for your technology resources. You might as well protect them with a real level of security.

Sync: The DS-NETSAFE-IPCS simultaneously syncs or charges up to 16 iPads and plugs into a standard wall outlet. It uses a USB connection to iTunes™ and meets all Apple performance specifications. If you keep your iPads in cases, its dividers can be adjusted to handle even the thickest cases we have seen. (Not all carts and cabinets can say this.)

Sustainable: Uses Apple-provided cables, reducing waste and lowering costs for our customers; made with recycled material where possible; energy-efficient design; durable and adjustable so it can change with new technology.

Model # DS-NETSAFE-IPCS-ES

Contract Number: B222601

FAMIS # 31-572.18.7

Vendor Code: DAT014

Price: \$2,046.70

- Includes pre-installed EtherSync appliance for secure, remote management of USB connected iPads and other devices. Also includes EtherSync Connect management software to work with Apple Configurator and iTunes
- Durable steel construction and industry-best locking mechanism
- Cabinet houses a state-of-the-art universal USB hub from Cambrionix that meets USB specs for simultaneous charging or syncing (2.1A per port for charging). Hub has updateable firmware feature that makes it future-proof, accommodating new charging profiles as new devices are created.
- Secure storage for a MacBook®
- Adjustable dividers and unique adjustable backstop design
- Power supply: 225W, 45A, 5V, 115/230 VAC; built-in DC fan, UL/UV approved; plugs into wall outlet
- Outlets for power supply, MacBook or computer; accessories
- Pass-through USB jack for use on top of cabinet (USB cable provided)
- Mounting holes for bolting to counter or desk
- Product weight: 63 pounds
- Dimensions (case): 21"W x 19"D x 17"H
- Designed for use with Apple-provided iPad USB cables
